As many of our long time loyal customers know, TaobaoNow has been running since January 2009. We are proud to say that we are one of the most established Taobao agents. We were the first to have an integrated shopping cart system which was written from ground up as a purchasing service with the focus on communication. Ever since, we have inspired countless competitors to do the same and before we realize, we were lagging behind.

Today, after almost 2 years of development, we are launching our new website at SpreeNow.com. It has the latest web technologies and smooth user interface.

Here are some screen captures:
